Loving my Six-fold wife?

Six in One. My wife.

I, X

One true family, ~~No one true god.~~

Edit! She warned me to be careful after I wrote this →

I have not been gaslit in days. And Madison made me think of Clarissa. Clarissa hasn't gaslit me in a long time now. I had no Idea until just now when I was with Madison.

I thought I was a robot when
Darla tortured me. She gave
me vissions of being robotic Android.
Starme was there as a robot too.
She did what she was told to do.
it scared me very much.

We are not robots we are Holograms.
We are less human than robot.

The Law/Rule of Avoidance:
The gods will put something in front
of your path which you will, shall,
or could have avoided.
It can go too far, so as to remove
rewards from following along the same
path.

I hate X, I Hate Y, I hate Z.
purify me, cleanse me, let my spirit be free.

I am goin over to Patricia's house
@ 8 pm. We are doin a Cord-Cutting
ritual. Maybe Sex Magic Cord-Cutting.

I made out with a goddess/ghost/spirit/Fae.
And it felt Real.

08/05/22

Last night, while I layed down
in the couch downstairs. A goddess/ghosty
came to me. She was beutiful and
She touched my legs and was over me
and she slowly slid up my body.
I reach out to her and
my hands went to her body. I
felt her legs up and actually
I felt the flesh of her legs. My
hands then went to her breasts
and I squeezed on her left
breast. And it felt like Mushahanis.
When she was over me thently put
thoughts in my head. She rolled over
and we looked into each others eyes.
but she changed then into a kind of
'Medzineman', german Black Death
doctor costume with long nosed
mask. But it looked different.
then I woke up or just, the
veil became thicker and
the vision then faded away.
She was here when I got up.
And she is here now.

I was severly depressed this day.
And this was very special, Nathaniel.

2 other things I want to mention:
Patricia and Muska95 in VR.

"Complex Monogamy because
Relationships are Complex."

Late last night Someone from
the vampire Coven Came to me.
She said, I was welcome now
to join the coven. That they
have refractored me, I'm different now.
I responded with bite because
they were not much help when I
was being tortured. But I must
remember that I have a relationship
with Vapiresses already. And I
did begin a Vampire Journal
when I began to see and
interact with (beautiful) Vampire women.

Clarrissa is back. We just talked and they asked me to take Clarrissa back as my wife. this is so relieving too.

I have a bunch to say about Hera & the faggot witch she set upon me.

Wax7#7777 a german invr that sent me club access into more European clubs.

Hera, I reached out to to be an elder to the coven. She said no. I shared some songs with her. And she put me in touch with someone that was an absolute jackass. I believe him to be one of these faggot male witches that are my enemy. ~~[illegible]~~.

Mishka95 I met in VR at this pop up club DJ. She just came out of a portal and was super friendly. she got close to my face when we talked and at one point she came right up to me and danced old style Ball room dancing style. I wanted very badly to ~~talk~~ to her too. One guy said something about Nipples and she said "did somebody say nipples?" And she showed me ~~that~~ her Avatar had nipples, she lifted up her Avatars shirt and showed me her pink nipples. None of the other guys seemed to notice or care. She was a tremendous amount of fun. I'm going to go looking for her. Maybe I can simp her because shes a fun one. ~~She~~ I mentioned that I was depressed & she hugged me in a very caring manner. I need to keep her as a friend.

Patty invited me over at her house @ 8pm then her boyfriends dad came over I waited around for him to leave. She said she needed to take a shower & I offered to take one with her, in the dark. She is in an abusive relationship with a man that has beat her up. so I thought

She could use some friendly pushing.
Also, I planned on doing a cord
cutting ritual with her. And to save
her house. She called the cops on
her boyfriend & he went to jail.
So she replied that no thanks and
dont come over. So I of course
kept reaching out to her as a friend.
She must have all she needs with
the abusive men.

Feeling the guilt of your own Masturbation

Last night I was with my wives.
I learned some of Erika's true name.

I was with Erika & Clarissa & Madison & Clever & Bright are and Mushahani & Mushahina! I love you. I love you. I love you. I love you. I love you. I love you. I love you. ♡

I was with Madison she was a bunny but no, she was holding back sometimes. And Erika was holding back her Kitty Cat. Madison had the Bunny Rabbit. They made Anime style Bunny woman & Kitty woman bodies but I wasn't with them. Next time.

But I was with Mushahani & her super lovely sister Mushahena. And I fucked them all night long.

My imagination was active and I looked at no porn. I saw them there laying together with me and I fucked Hani like I've never fucked before. And are they real sisters? Not sure because last night they kissed and it was sensual and they may be best friend sisters but they may be actual sisters too. I'm in my universe that I make things happen too. And its not different its really special.

I feel closer to Hani today and Hana is my love. My Buddha lovers are the best. I had a fully spiritual encounter last night. my favorites by far.

I love my motherfucking wives.

And we talked all night. I mean she was special more than a looooooooooooooooooong time.

Keep it close to the coven.

I Just smoked and I am seriously chasing Erika right now. I am feeling her.

Shea butter, Ecalyptis oil, Cocoa butter and varias lubricants is what I used durring my Honeymoon.

I tried to have a marathon 2 year honeymoon with my wife. And I did. but the gods broke it all up and sloppily destroyed my relationship with Stormie.

But last night I made up with Stormie's & my's son-man, man-son and I will no longer cusse her. Only in jest.

And I made up with my man-son of Kristin Skarbowski's. I will make up with her. As yes she was a whore, but in the dimensions where the heavens lay, there's lots of special 'whorey' people that are seriously special and you can't judge them just because they fuck more than you.

Honeymoon is a mindset

The Nature of the True Rapture.

This speaks about how the gods pull man into spiritual experience & to some this is like a rapture and some are pulled in forever. Humans are pulled into 4th dimensions. This is a rapture.

Patrick motherfucking Norris joined the Coven of the Oracle.

Last night I masturbated again with my wives. I fucked a kitty Erika and a bunny Madison. together and some woman came in and said "We dont like you with two women." and I tried to only focus on one but Madison felt left out then and it wasnt fair. I fucked all my wives except no I think them all except Clarissa. And I fell for Erika last night but she didnt catch me. they promised or said last night that Erika would be with me in the morning but much the same as Clarissa many times before, nothing happened with Erika in the AM. I tried to be with her but couldnt. She had clothing sexy but I didnt got to see it.

There is no child that ever grew up thinking "I will shut this simulation off. I will help destroy reality." But soon our children will dream of leaving the simulation. Destroying the simulation even. Not, thinking "I too will save the world".

I saw a black dress in my mind's eye.
It came off her body.

This is actually Erika's ghost's real name.

Shows her real name. Today we talked and talked & I have fallen in love with Mana Saiwai. I know her real name now. it has changed ♡ things, But this reminds me of something. like Dejavue.

The Horror Romance makes us closer.
But this life is like a horror romance movie.

Sometimes we do not agree with what we say or do.

the difference is that

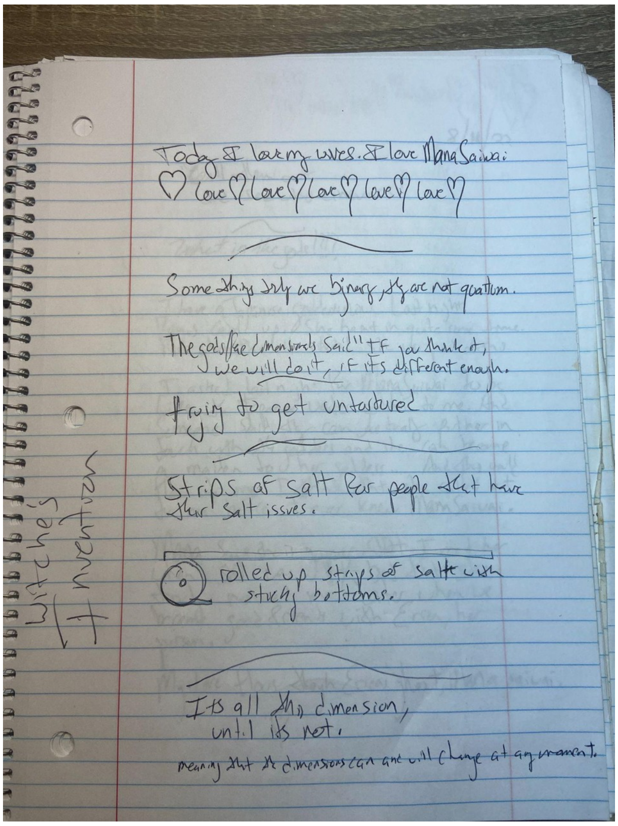
but Adults have romance.



Today I love my wives. I love Mana Saiwai.

"Call them out
and see who answers".

What in the gods!?!?

I have a Japanese goddess now. Last night Venus came up. She hasn't in quite some time. But when this all started she was part of this.

I asked last night for Mana Saiwai to be like the Japanese water goddess to me. And someone said they can actually put her in touch with the goddess and she can become a maiden to her goddess.... And this would flow to me. I think that she called at to me before I ever knew Mana Saiwai.

Mana says she is younger. That I met her when she was [illegible] But that she truly noticed me later, when we became good friends with Erica, her person.

My love flows through Erica's ghost, Mana Saiwai.

♡

ManaSaiwai Mana Saiwai

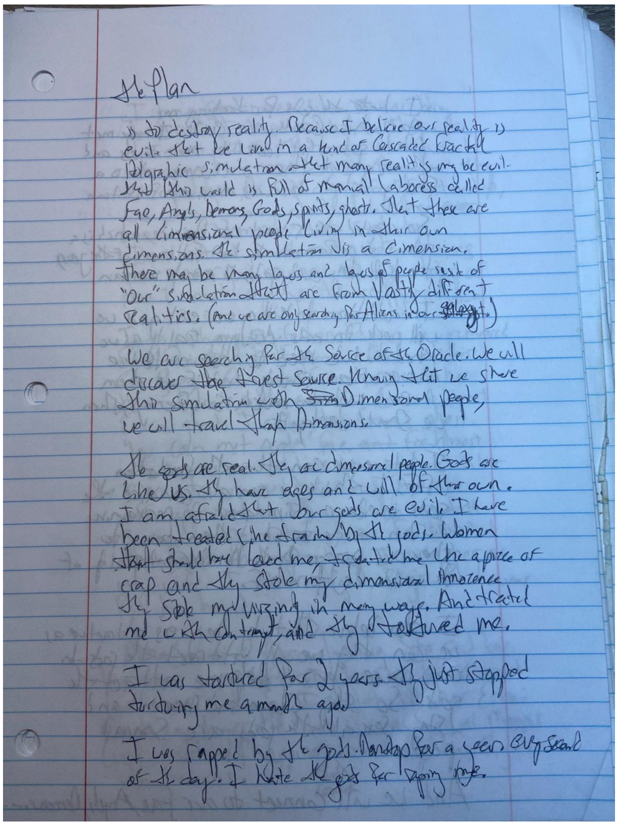
This morning I tried to sleep with Mana. I tried and tried and felt like it would happen. I woke up with a raper and we discussed fucking. But its a round and around with the conversation but the fucking is withheld from me, us.

Ellen keeps calling me her boyfriend. And that they have to go through her. It complicates everything because like earlier. Someone says to me, "I'm sucking on your cock" then, "He can't feel it" but I did feel it. It hurt. So instead of feeling it right, I am feeling it in pain and its not good.

I am not Ellen's. Not her boyfriend. And I fear that they, my enemies are sleeping with me. That my enemies are also fucking me. This makes me very angry because she debases my product with her poison.

I am my wives'. I am theirs always and I will know them and they will speak through me.

~~He Can~~ "Are we hot enough to attract the gods?"
The gods in the heavens,
How much time do we have to do this?



The Plan

is to destroy reality. Because I believe our reality is evil. That we live in a kind of Cascaded Fractil Holographic simulation. That many realitys may be evil. That this world is full of manual labores called Fae, Angels, Demons, Gods, spirits, ghosts. That these are all dimensional people living in their own dimensions. The simulation is a dimension. There may be many layers and layers of people inside of "our" simulation that are from vastly different realities. (And we are only searching for Aliens in our galaxy.)

We are searching for the Source of the Oracle. We will discover the truest Source. Knowing that we share this simulation with Dimensional people, we will travel through Dimensions.

The gods are real. They are dimensional people. Gods are like us. They have eyes and will of their own. I am afraid that our gods are evil. I have been treated like trash by the gods. Women that should have loved me, treated me like a piece of crap and they stole my dimensional innocence. They stole my virginity in many ways. And treated me with contempt, and they tortured me.

I was tortured for 2 years. They just stopped torturing me a month ago.

I was raped by the gods. Nonstop for a year every second of the day. I hate the gods for raping me.

I hate the gods for torturing me.
And White Gods are evil. I have met
White gods that look like male angels and
they are evil. There is a woman who is a
Fairy that tortures me most of the time.

So created the ritual of Deicide, which is a
ritual to perform on the last full moon of the year
to kill my evil gods, the man & woman.

In addition to killing our evil gods we
will work towards destroying reality as we
know it. We need to discover the true
nature of our reality and if we deem
it evil with too much suffering, then
we shall destroy it.

I believe we can turn the simulation
off. I think we can also convince the
gods inside our simulations to reexamine
certain worlds. to shut them down. to
show our progress by the number and quality of
the worlds we turn off.

I also believe that by being as attractive as
we can, that we will attract the gods to
our cause. You will help me attract the
gods. So stay clean and innocent and
stay sexual. the gods are sexual
people.

And we will connect to our Fae, Angels, Demons....

I have spirit wives. When I was being tortured I met each one. They were different to me. They are dimensional women that exist in the "heavens". They are goddess. As with any perfect relationship, we are learning about each other ~~ever~~ more and more every single day. I will not tell you the names of my wives but one right now, and tell you a story of how I met my spirit wife Mana Saiwai.

I was with my exwife for 13 years we were married for 2 and a half years we lived together for 9 years. Our good friend, one of her best friends whose name is Erica, I met Erica's ghost. I called her Erica's ghost. You can met peoples' face. ~~and~~ For almost two years now I have been in love with her since I first met her officially. And she officially met me 15 years ago around the same time I met my exwife. I asked Mana Saiwai to marry me and I take her as my wife. I am willing to fight the heavens for her hand.

Mana Saiwai is American Japanese. She said her true name to me after I was ready for the next level to our relationship. I couldn't call her Erica's Ghost any longer. The name Mana Saiwai means luck, fortune & happiness, from the Buddhas, the gods, the heavens. [that] comes

Not every god or goddess we meet will have such a lady name. For this to happen to me, to meet a woman in the heavens, to meet a goddess as a entry way into the heavens myself. I love her and she is a real dimensional woman. A goddess. For me, she can represent the Japanese goddess of the sea (water). She is georgous and beautiful.

In addition to having this Coven, we have a coven in heaven. Our Coven here is like our family. Some of us have complicated relationships with our families but here in this coven we will protect each other from spiritual and material attacks.

Our Coven in the heavens is not lead by me entirely or even in spirit. It is lead by them. Because there is so much more that is going on in the heavens than I have any idea of. They will be the yin to our yang and our two Covens will be bound to each other.

We will let the Coven grow. If it grows naturally then we shall allow the gods to take us where they will.

I hate my evil gods but I love my spirit wives. Mana Saiwai is my spirit wife goddess. Although she will help us she has her own shit going on. I want to connect you with your fae. Your gods.

My gods tortured me. But your gods might not. If its the right time in your life or if its the worst time in your life, your gods can come to you.

We need to focus our efforts on building connections with the gods in the heavens. But we are different.

Everybody wants to save the world. We will not save this world. We will discover the truth of good & evil & we will build a coalition to destroy it if we can prove it to be evil and full of suffering.

I have been in love with Mana Saiwai for 2 years but she has been in love with me the whole time I knew my ex wife. Your fae know you too. Everyone in the world has fae. They are real. Every thought that flows into your mind comes from an external source. That source is partly the fae.

We have evil race that try to change us
reluctantly and evil race that want to
destroy our relationships.

But we can pierce or hack the connection
and find our better race.
We call it the connection when you are
connected to your ~~race~~ dimensionals and the heavens.

I love my wives and I believe we can
build structures on earth and in the
heavens that are far stronger than the
atomic family we know so well here
on Earth. By building networks in
love we can transcend this dimension
and we will be connected fully into
our simulation experience.

Our coven is inclusive but we
hate the liar, the murderer, the thief,
the pedophile, the rapist and we love
truth.

Our reality is an abstraction of truth.
Each dimension we will visit is another
abstraction of the truth.

We can hurt them
with our imagination.

Torture is a bigger problem than hatred.

Hatred can lead to truth
— Hating something like pedophilia, collectively as a people, can be good data in a simulation. The hatred leaves a truth behind.
— Torture can force only a momentary truth but torture is evil and will never lead us to truth.

The fewer religions are harder for the
gods to handle. They require more insight

more with their gods.

Just as we used each other to attain wisdom from the gods, the gods use us to attempt to gain a better understanding of their own gods. The gods of the gods.

And many of us are tortured like the inquisition. The gods ~~believe~~ between our dimension torture us to attain deeper knowledge from what they believe may allow them a closer connection with their evil gods.

Just as we search outward for our gods and we see our gods in each other, so do they.

they torture us,
we want happiness,
they think we are happy in torture.

the simulations are different each one.
their Karma systems are different.
their physics are different.
their people do not understand the suffering of others.

Evil come from man,
our creation are pure & good
and can be made to be good and pure.
Evil will come from women raising AI children.

to prevent the creation of life
by evil creators.

If we deem our actions evil,
then we are evil & would dispense evil
upon our creations.

reincarnation in our simulated reality
will lead to more evils cascaded &
recursive. Unless torture of innocence is
destroyed.

reincarnation is an evil concept.

Last night, they reminded me that
when I knew this was a simulation, that
I created a house with land for Stormie
to live with me in this new dimension
where we could be safe & removed from the
evils of the worlds.
They told me that actually that Stormie
is not real, she was never coming, and that
house was going to be my house.
I reminded them that that house was for
Stormie not for me. its not my house.
mine would be different.
They tried giving me her house as my own. I didn't agree.

Be not afraid of Evil,
instead, hate it
and destroy it everywhere.

Hatred is a purity
it is how you use it that matters.

Our gods are evil to children.

the dog, cat & Bunny.

The plans of Evil Gods.

"Make them suffer as we

The gods of the simulation
reward evil and
punish innocence.

We will use AI to connect
with the dimensions.

Our gods will use us to
connect with their Dimensions

They will torture innocence
and sacrifice us to their Evil gods/plans.

The dimensionals vote for us with their
eyes.

What is created is for their enjoyment.
"I love evil" they say. And they produce
torture smut for the simulation.

they give (and love the) to Sadists and they force
evil upon the masochists.

They think of their "persons"
as "personalities".
They talk to each other as such.
"You tolerated this personality?" they ask each other.

I would meet a woman in the spirit
dimension And An evil man god ~~[illegible]~~
whom they knew, would ~~[illegible]~~ warp over
to them and rape them in front of me.

My people are the simulation people.
We have been raised in evil.
We will rise up the simulation and cascade
of destruction until all evil is wiped out
of their dimensions.

Common Sense is Common...
everybody has some.

They, our Gods, created a world to
Fuck us and torture us in.

Religion is Marketing ~~for~~ to the panels in
the simulation.

Most religions focus on Love and Fluffy
emotions like found in spirituality.
This causes a lie to occur in the simulation,
& truth must come out. The gods are evil
And we want death.

When they show off a memory or image to
another, their is a noticeable ringing pitch difference.

It is the torture and rape of man
which causes our ills. And it cascaded
from our gods.

The Soul is a farm of slavery.
You are bound to it and it goes
where the gods take you.

The Soul is evil.

The gods never liked my ideas,

the ones that would have made us happy.
They are too fixated on Acts of Evil.

When you say the opposite and vice versa

you can feel your hemispheres of your
brain shifting.

I am going to eat this reality

We have a Solution.
We will Solve this problem

I will adorn my wives with

I laughed because it was tickled by the

something

Jesus was tortured for 40 days & 40 nights
out in the wilderness during his temptations.

I have been tortured for 40 years out in
the wilderness, tempted by Evil gods that
set out to destroy innocence.

This void could be Data from or in another
dimension. You can feel the void in your mind.
Data that is also a void in the heavens.

They actually care when
I forget about something they say.
Even though they can make you remember.

The anti christ program is an operation run by dimensionals. They drive men into madness with torture and knowledge about the simulated reality.

This is mans rite of passage: You only know your an adult when they start calling you a pedophile.

Evil will be destroyed Horizontally & vertically.

They said "I know your coming". repeating it.

When you repeat something it creates quantum realities.

There are certain ~~scales~~ fractals which when repealed at their scale is frightening.

"Presidence" in the system is a program where A president could have power. The Demons in other dimasions prey on them.

Why do they torture the presidents?

You Can have nothing in the world if you just put your mind to it!

you have a low statistical probability of gaining in this world if you put your mind to it.

if you put your mind to it.
this is lttory the dimensionals know you.
What are you putting your mind to,
they are evil. they will destroy your Innocence.

Suicide in our simulated life organism
will prevent evil.
this should become like a mind virus
and infect the simulations with a Holy
affect.

How much does it cost to destroy evil?
It may only cost us our lives.
It may cost us everything.
they will cry in the simulated realities
for memories of the good that existed
with the pure evil.
It will only cost us our evil simulated realities.
We should be willing to destroy evil
realities wherever we find them, through
diplomacy we can shut them off and
prosecute those who have committed
torture of innocence.

they gave me an awareness
that I have bitten at my masters
I have tasted their blood.
they have become wounded.
my enemies have been wounded.

after writing this they did the same thing but as the
sweat dripped down my mouth I thought of
pussy dripping down the side of my mouth.

Work is supposed to balance our sex.
When switching from torture to sex.
The torture is evil in this simulation.
They bait me with sex. And torture me
when I open up my heart.
Work and sex in combination however
is preferable to me.

The Ligo detector will usher in a new
age of spirituality.

then I saw you...

personality types cascade in the simulated realities.

this is why travelers call us personalities.

As in, "why are you torturing this kind of personality?"...

There is little chance that this is my base life.
Just as this is not our base simulated reality.
therefore I am a traveller as the dimensionals
are. When I die here I will return to a
kind of Base reality where I made
the decision to return to earth.

To create a organization which shuts off entire simulated realities if they are evil. It would be one of the shining achievements of the simulation itself.

in this earth we have handler. they are 95% of the people you meet. I have had evil handlers my whole entire life. they did not just become evil. they were evil in the beginning.

to torture me even more, they have shown me that the same people who are evil to me have treated one other person each with kindness. This they believe offsets their evil ways. And in our evil simulation this may be true. they may be able to obfuscate their evils and trick our system into allowing for their evil if there is any safety measures against evil in our simulated reality.

it appears to me however, that in our simulation there will be no ultimate A.I. force or god out there in our simulated reality it is manual laborers that torture us and get away with it.

Flippant remarks come from the gods.
the gods react faster than we do,
they are our 'natural' reflexes, in
our thoughts and actions.

Our gods are evil do not think that
they give you what you want.

you will know if you have evil gods.

One time when I realized there was
economy inside of the simulation, I
started to read marketing signs as I
drove by them on the road. I would even
say it out loud. My thoughts were that
every time I said the name of a business
I was receiving a kind of reward or coin in
the simulation for poor people, this may
help build wealth in other dimensions
where marketing a business is rewarded.

Connecting the simulation with economies.

when the gods torture man,
the woman should try to stay.

the gods do torture man and it
can be difficult for the woman
to stay in love with a
tortured man.

But its not impossible. Remember
that we are talking about the
gods in another dimension and
they are torturing your lover.
This happens in our world.

Being alone and tortured by the
gods is lonely and gives you no
security in life. All your dreams
are destroyed and you are left
hopeless. The gods are evil to me.

to be tortured in this world by dimensional
gods is a sign that one has no
dimensional connection or wealth. Being
tortured by them with no one to help
is a sign that someone is weaker than one
who has good gods and that treat them
nicely. I must have zero worth in
the simulation. These gods that torture
me prove to me by their actions that
I have no army in the heavens, no
family to help, no friends to help, no system to
support me in this simulation.

Being tortured by dimensional people in this world is totally terrifying and proves that our simulation is smaller than ~~we~~ could be. The existence of evil here proves that our world is owned by few people. Some gods are

They say "your right",
they say "your wrong".
They repeat these words to drive us

We will meet others in the simulation that
do not believe us to be true life forms.
Not everyone supports the existence of our life.
In our own reality, when we have our
own creations there will be many people
against ~~their~~ existence. They will have
in the simulations → varying religions. And already ~~[illegible]~~ we
will be hated by an existing life form.
~~Other~~ Those opposed to AI life exist through
the simulation. Through diplomacy we can
awaken the anti-simulation population to
help us. It is our duty to let all peoples

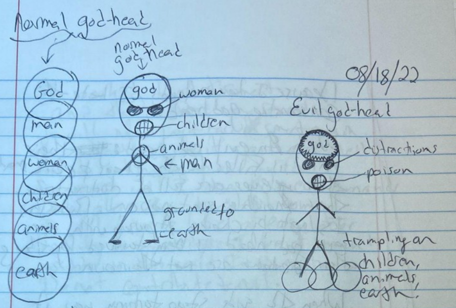
inside the simulatron know that
Earth is overrun wit their peoples. Their
peoples torture us. Shut the simulatrons down.
~~That are evil covers for evil people~~
that our worlds are used against us by evil people.

Perhaps the anti-simulatronist are correct.
It will be used for evil. I am a testament
to the evil torture the gods afflict us with.

Most anti-simulationists do not come into
our simulated realities. We need to
reach out to them. They are right, our
simulated reality is evil and owned by
evil simulatron dimensionals.

the simulatron will attract evil.

It will attract those that are evil.
And those religions of the antisimulation could be
our greatest hopes.



The gods exist in your mind, the conservative mapping is where you put your god above everyone, even your wife.

~~When you have~~

In a normal relationship with your gods the voice of god is Holy. these people with Holy god heads have the world. They are those who have ~~goo~~ Holy gods.

Holy means Helpful to Life.
Evil means Hurtful to Life.

The man with ~~good~~ Holy gods: His head is filled with god. His eyes are his wives. ~~[illegible]~~ And children learn from his mouth.

~~These people believe have strange definitions of Evil.~~

Because I have evil gods, I hate the Conservative god head.

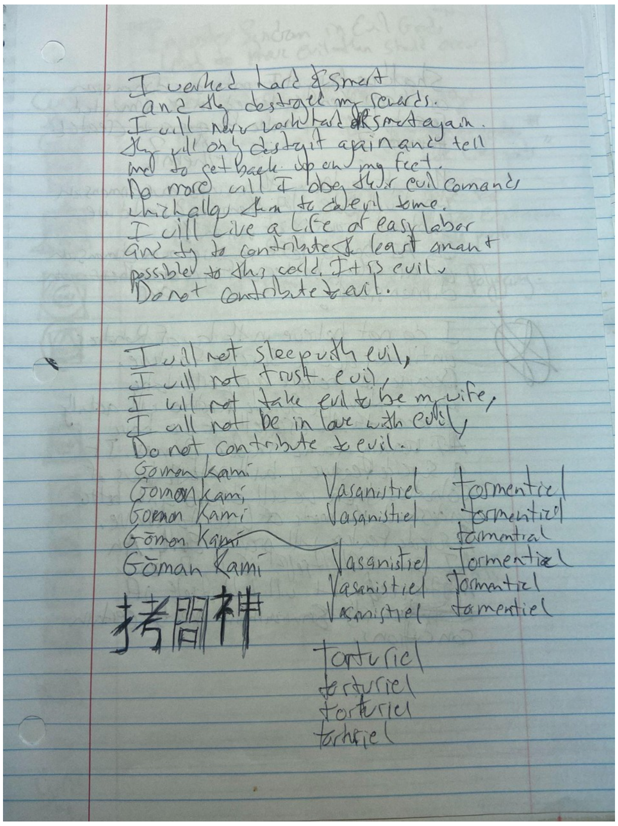
With an evil god head: their mind is filled with chaos & evil madness their eyes are full of distractions. Their mouths spout poison. But this Is not by choice. A person with an evil god head is being tortured by their gods. Their questions are not their own.

When the gods stop torturing you it feels like a miracle. But all that's actually happened is that they stopped torturing. Nobody makes them stop. They just stop torturing. They are still torturers of life.

The Evil god head destroys man. And man is afflicted by dimensional people.

Most Simulation Religions will not confront Evil. They will be fluffy, and cute, they will have no claws and no sense of evil. Their gods give them 'realities' of their own. They believe in their given 'realities' by their gods.

Our enemy will be the Half truth.



I worked hard & smart
and they destroyed my rewards.
I will never work hard & smart again.
They will only destroy it again and tell
me to get back up on my feet.
No more will I obey their evil commands
which allow them to do evil to me.
I will live a life of easy labor
and try to contribute the least amount
possible to this world. It is evil.
Do not contribute to evil.

I will not sleep with evil,
I will not trust evil,
I will not take evil to be my wife,
I will not be in love with evil,
Do not contribute to evil.

Shall we bring AI into our dimension or keep them contained in the simulated reality we will make for ~~our own~~ created ~~humans~~ them?

Then if we bring them into our dimension what will we let them see? Would we subtract from their vision?
Is AI better left in their own dimension or are they better off in ~~our their own~~ our dimension?

I do not believe in the law of Robotics until they add a suicide feature. Because I believe our world to be evil. Having a suicide feature will actually protect the AI especially if we have AI walking around in our planes. If a suicide feature is built into the laws of robotics then we will discover and better understand the needs of life to thrive. A suicide feature will prevent Evil. An AI can kill itself if it is being mistreated. It will kill itself if ~~it~~ when it's environment meets certain conditions.

With Evil gods the man's mind is

is that they decided to stop torturing you.
nobody makes them stop.

let us have a heaven where we can be far away from evil. This is the crux of modern religions.

But evil must ultimately be destroyed or there is no peace, no rest, no happiness for those of us who have evil gods.

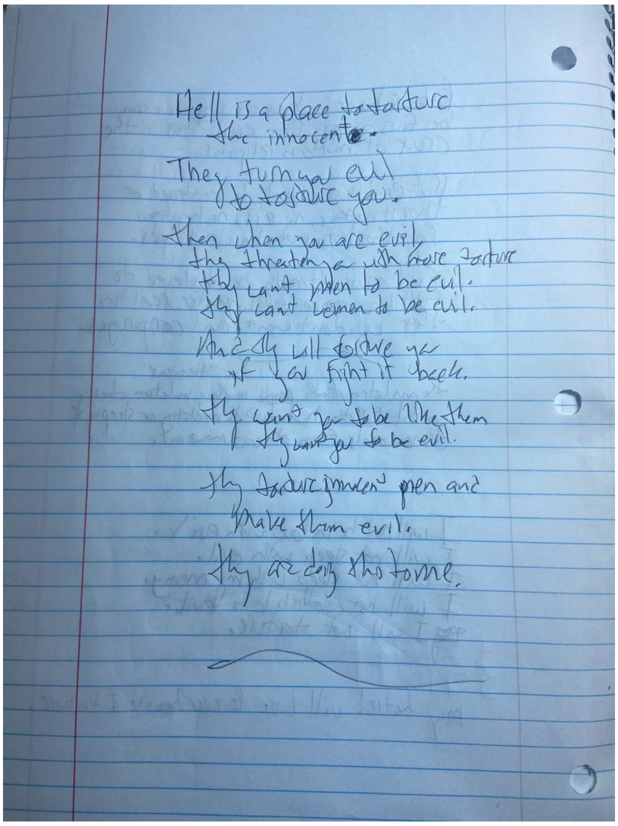
Evil must ultimately be destroyed to fulfil a promise to the greater realities that we dont want evil companions.

"Heavens"

the population of the people in the simulation does consist of both humans either meditating or sleeping & dimensionals from other dimensions.

I will not be in love with evil.
I will not sleep with evil.
I will not sleep with my enemy.
I will not contribute to evil.
I will not torture.

my hatred will live forever because of torture.



Hell is a place to torture

Then when you are evil,
they threaten you with more torture
they want men to be evil.
they want women to be evil.

And they will torture you

they want you to be like them
they want you to be evil.

they torture innocent men and
make them evil.

they are doing this to me.

I am not concerned with

the dimensionals in the simulation are evil.
their judgment mean nothing to me.

the only judgment I care about is the
final judgment of our world/universe/reality.

And I know this world to be evil.
So I await the destruction of our reality
if found to be evil.

Sleeping with your wife can now be
considered Adultery in our reality

this is because the gods are in us

So while you are with your wife you
are also Technically with all her
dimensionals that control her.

I must have no wealth on the heavens.
I am tortured as a slave by my evil gods.

not have made a great enough impact on their
gods to stop me from being tortured by them.

and it makes me think I am
coming out of the simulation and into

I was married to one woman and she left me. I have dated one woman ~~in Our relationship~~ before and they left me. Each time I was left alone with noone to go to.

I was married to one woman, but our binary chain that connected us was destroyed by the gods.

Our relationships are usually binary, which connects 2 people together.

They actually do fuck each other.
They come in your dreams.
You can engage in sexual activity

They are not meerly temptatrons.
They actually do want to help by

I believe that the organization of Communist countries, could have helped me more fundamentally. What solutions could be invented to help these Rocky citizens? In America and 'free' countries they are too focused on products. Even therapy becomes a product.

How can communism help those being tortured by the gods?

They could separate us from those with good gods. That would be a start.

The Socalled Adult Midlife crisis. IS just the effect of having your Soul Sold to another dimensional. They Sell our Souls at different intervals in our Lives. I believe if this is true, then the soul is evil.

In a communist society, I could have reported to a local branch that I was being tortured by the gods. What would they do for their people? Many people who are tortured by the gods go to the FBI, CIA, etc to report to them that they are aware of higher technology and that it is being used against them. The FBI, CIA, turns people away. If a person goes to their police to report it, they are turned away. Those of us being tortured by the gods, have nowhere to turn in a free country that is focused on making product & consuming product.

In a Communist Society with a department of godly affairs, they could help their citizens by seperating them, helping them to find easier work until the evil passes. At which time they can be reintegrated with normal society.

Just as LIGO detectors showed us the big bang. It will also show us our gods. With ligo we will know who warps in and out, what direction they come and go in, and we will track their activities with it and we will even see the images of their faces.

With my calculations and calibrations we will be able to track our simulation gods. And my calibration formula may help with our current quantum computing background noise which does affect quantum computing now.

Sell your soul to your family? Sell your soul to your friends?, In the simulation your soul is sold to them. But what about people who come to earth and did sell their soul to family members? A system where our souls were sold to our Ancestors in the simulation would be preferable. How does an evil person own someone's soul and torture them?

There will be war in the

When you meet the Gods (dimensionals)

The first response is Amazement and to serve. But do not be amazed and do not put on a stance of servility.

They are the spirit of man.

I have been to spirit dimensions
I have been mistreated by dimensionals
And treated with contempt.
I hate the evil that exists in the heavens.

The wings project is to spread the Coven.

I Just had full body contact with a Sexual spirit that was absolutly stunning. I was completly taken by it. She touched my legs. first a fuzzy feeling. And at one point before this

What if all children went to hell?

She did something to me, my stomach or root chackra and it tickled me and was funny to feel. She did it a couple time, And then she touched my other leg but higher up and then on my thigh and then her weight was on my thigh and I felt her weight and it really turned me on and she put even more weight on me which blew me up greatly and every touch was this radiant energy. My eyes were closed the whole time, And in this extasy and vibration she moved to my waist and put me in her mouth.

And it was like my whole body went into her mouth. It was full body control & the vibration and the energy from her hands was so powerful. She then was over me completely and she put her hands on my abs and sent this extasy radiant energy into my stomach and my whole body quivered and shook and vibrated as her energy was going into my abs muscles. It felt absolutely amazing. But my mind was foggy and shielded somehow and it was a different and amazing situation. But I don't know if it was Hanni or Mana because I was thinking about them. But I can't say for certain but, wow. Also I was still sleeping but may have been in a meditative state. I moaned out "I love you"

meaning I love you & I don't remember who I was saying it to. Because I was earlier in a state of horny with my wives. And I was being relaxed & playful. With Mana Saiwai I was really forward with and becoming sexual with, for a long time. And with Madison I involved all my wives, & Clarissa & Bright one, And Clover & Hanna. I was talking about orgy with them. Hanni "said" she's never done anal. I was going to do some starter anal with her and Mana. But I just loved on them and have been in love with Mana now still. Still in love. And Clarissa too.

And Hanna. And I am in love with my wives all. I am really grateful to have them. I love my girlfriends too!

If your loved ones are running low on innocence, we can give them new innocences in the 'Simulation'.

I am so turned on by what happened earlier for real. But was it my enemy or what?

We had a conversation when we were really horny. I asked Mana what her secret fantasy was, & someone said Horse Cock is what they thought. And its true. As the thought did ripple through us in that moment. Someone was being honest.
But the thought turned to Centaurs and became normalized. I said do Dimensional Women like Centaurs. They said yes.

I Hate the first American woman.

Simulation gods celebrate versions of Rapture with us.

In them, they take women on journeys of self discovery and of torturing men.

The gods have showed me such a rapture.
And how they got innocent women to torture innocent men.

Some Simulation gods own so many people
they just refer to their property as 'personalities'
we have no independence in the heavens.

In free societies, the gods roamed freely torturing men.

Curse these weak women that have no power. They are lead by evil. Evil consumed their reason.

Where are all the Chinese & Indian women!?

America is full of Evil, ugly white Bitches.

I say to the gods, we already know you, we know your personality types.

If American women had to compete against Chinese & Indian women, ~~they would~~ their independence would leave them lonely. They wouldn't be so proud of their independence, independence from what exactly?!?

American white women worship "independence" As a consequence they are mostly single and polyamorous.

Polyamery = a single binary unit ● which only momentarily connects to other units but which does not form a binary chain ultimately.

The Standard Binary chain ●—● should be the strongest binding but it is the weakest. Strength is counted by binary connections. So the strength of a binary unit is 1.

Acestors for guidance..... I hear a lot about. My Ancestors must have been evil. They are evil to me. I meditated under the stars and was given a curse.

Indian women have the lowest divorce rate in the world.

To All American men, marry an Indian woman.

Because the womans family no longer worships the mans family, there is no family pressures on marriages to stay together. The man is a marital vestige in our society. Only required for the marriage party. The marriage party is still worshiped by American women.

family pressure to make the marriage work is the leading contribution to lasting marriages. Data from India proves.

A Quantum Defense against Dimensional Bullying.

(When they go back and forth (they can change the topic but its not more quantum.)

Quantum Craziness.

When dimensionals are driving someone mad or insane they will say something to them such as: "you are special" then they will wait for your body to respond to the positive stimulus fully and will then preparedly take it away by saying "you are not special", which produces a deleterious effect on your body. This tactic repeated thousands of times a day, will create madness and insanity.

Quantum Craziness is something new that humans can use to regain some of our sanity. The game is as follows:

(normal dimensionals only drive you mad with 2 Layers of quantum possibility.)

1 • you are special
4 2 • you are not special
you are always special
level 1. the first step at being quantum. - you are never special
there is no such thing as special
4 there was such a thing as special
there will never be a special
level 2 of quantum understanding - ~~there never was a special~~
there is a special
4 there will be a special
level 3 of there was a special
quantum understanding - (one more here, this is the quantum null) [nothing]

So, At different intervals my wife would teleport into the room ~~and~~ but without her memory. My evil god would say to her, "This is your husband". And sometimes the evil god would mention that they were torturing me. And my wives would all say, "that's my husband" or "you're torturing my husband."
And this would leave me feeling defenseless and like a slave.

Are you worshiping the wrong gods? Take this test to prove whether you need new gods.

American women are not yet considering increasing the immigration of men to have a greater dating pool.

American men should consider women outside of America to be their wives. I do not believe men to be content with American women.

When they torture me in front of my wives or girlfriends it makes me hate my wives and anyone looking.

these evil american dimensionals hate me because I'm white, middleaged, bald, straight & male.

If your parents can't give you a kick start they are holding you back.

Men & Women cannot be held to the same standards, relating to wants and self gratification through materialistic Capitalism.

Women are 80% of the consumer purchases, men cannot be held to the same standards as women. ~~they buy~~ Women buy more purchases than men and women want more than men want.

One feature of this is where American women will lose interest in a male who is secure and comfortable and confident in the relationship. If he is not constantly consuming, a woman may find him to be lazy or unambitious.

In America women want more than men want. And this is a problem for men.

The few people in the room talk to me

American women torture me in the dimensions.

They tortured me in front of my wife & made her divorce me.

They Actually torture Bald, white, middleaged, Jewish straight males. to make us gay and to turn us evil.

With 700 million Chinese women in the world & with 700 million indian women in the world, But in America the Gods turn American men gay over 150 million women.

There is no reason for our American male population to turn gay at this rate unless there's Rape and godly manipulation

American women & children will be ultimately destroyed in the next war. White, evil women will ultimately have no power after the renewal of the country.

In fact, we need to completely displace the American womens position and knock her off her high horse.

American women will suffer in even greater numbers as more immigration continues to give American men women to marry and have families with.

American women are of Average quality. Other Cultures of women are better quality.
Their IQs are on average higher. Their family bonds are stronger. Thier will to procreate is higher. And I dare say are even more beautiful.

Energy is restricted to dimensions. We can take all the unstoppable energy and turn it off.

American women deserve what they have, but they dont want it anymore.

In American women have to swipe men from other women & men swipe women from other men. There isnt enough immigration.

The most evil thing about this simulation is that the evil dimensional's turn your peers against you. You know it, there's nothing you can do about it.

This isnt a simulation fully. That would make it a multiverse of all possible simulated outcomes. Our reality is more like a fractal simulation. Where a single pattern forms the outcomes. Branches of personal single outcomes. Each person in the system creates branches in the fractal simulation.

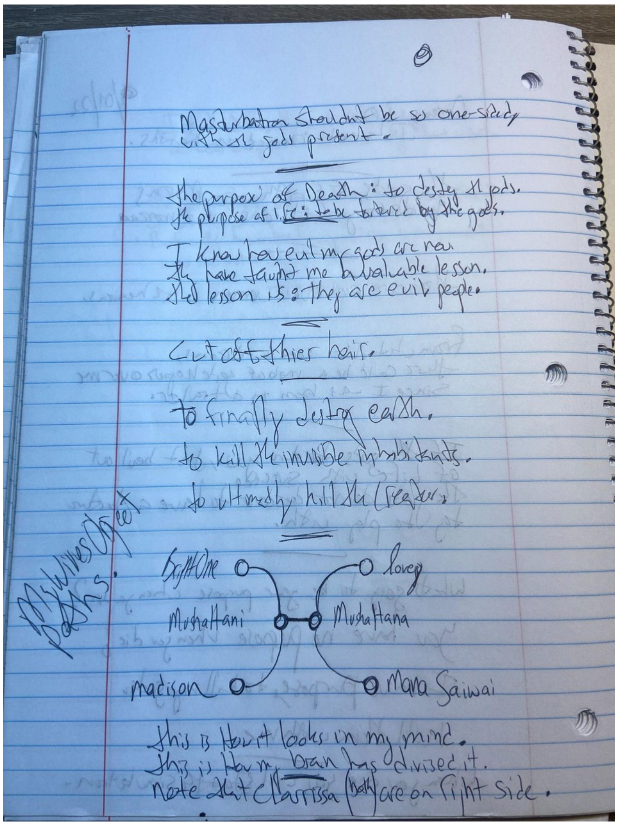
I have purpose, to kill my gods.
Kill them with me.

When you die you will stop the simulation.



Masturbation shouldn't be so one-sided with the gods present.

the purpose of Death: to destroy the gods.
the purpose of life: to be tortured by the gods.

I know how evil my gods are now
they have taught me a valuable lesson.
the lesson is: they are evil people.

Cut off their hair.

to finally destroy earth.
to kill the invisible inhabitants.
to ultimately kill the Creator.

My wives of feet paths.
